

ISABELLE CHALK

Location: Auckland | **Height:** 172 cm
Hair Colour: Brown | **Ethnicity:** European | **Eye Colour:** Hazel

Isabelle is a confident and creative young performer with a natural, engaging presence in front of the camera. With experience across stills and print campaigns, she is comfortable on set, takes direction with ease, and brings warmth, authenticity, and personality to every role. Growing up alongside her mum, an advertising and editorial photographer, has given Issy a strong understanding of set dynamics and an instinctive confidence in front of the lens.

Currently enrolled in two performing arts classes and actively involved in school productions, Issabelle has a genuine passion for storytelling and performing on stage. She is known for her bubbly, kind nature and her ability to connect easily with others — qualities that shine through in her work.

Outside of acting, Issabelle's creativity continues to flourish. She loves designing and making puppets and costumes, drawing, and exploring anime. An adventurous spirit, she also enjoys surfing, skateboarding, horse riding, camping, and spending time with animals — especially cats. In her downtime, she can often be found playing Dungeons & Dragons or gaming with friends, bringing the same imagination and enthusiasm to her hobbies as she does to her performances.
